

See new possibilities

The best enhanced vision device is ready for life on the go

Life-changing technology, eSight enables people with low vision or legal blindness to achieve up to 20/20 vision. eSight stimulates synaptic nerve activity to increase visual information to the brain. Clinically-proven, eSight is used by thousands of people with macular degeneration, diabetic retinopathy, Stargardt's disease and more.

eSight 4

Empowering People with Low Vision

Advance in school

"eSight has dramatically improved my educational experience. I passed my first semester of college, and without eSight, I have no idea how I would have done it." - Jesse, Age 21

Return to work

"In addition to taking care of my family, I work full-time and independently do all the things most people take for granted." - Yvonne, Age 34

See new possibilities

"I can remember the first time I saw my wife's face. I'll never forget that day, and how that day changed the course of the rest of my life." - Gary, Age 62

"eSight provides unprecedented improvement in a number of visual performance measures. This device has a substantial impact on the lives of many people with severe vision loss."

Dr. Gislin Dagnelie, MS, John Hopkins MedicineHealth Network

See new possibilities

The new standard of vision technology

Clinically-validated

Studies of use of eSight conducted by world-renowned low vision institutions demonstrated:

- ✓ 7 line gain in distance acuity
- ✓ 100% mobility retention
- ✓ 12 letter contrast improvement

Published in the Journal of Optometry and Vision Science. eQUEST, ClinicalTrials.gov Identifier NCT02616900

eSight 4 Delivers:

Superior Mobility

Wireless and hands-free with built-in controls and patented bioptic tilt for full access to natural peripheral vision.

Leading Acuity

Best-match 18 MP camera with 2 bright 1280x960 high resolution screens for full binocular vision. Fits over prescription glasses.

All Day Comfort

Ergonomically designed with a halo comfort band and back battery to enable all-day comfort.

Vision Control

Take control of your vision with 24X zoom, color, focus and contrast settings; TV, reading, outdoor and other modes.

Easy to Use with Graduated Learning

Immediate enhanced vision, and a graduated learning program to advanced controls. Plus, eSight Support is only a tap away.

Cloud-based Community

Invite loved ones to see what you see and help customize your experience. Get automatic updates. Do more with the eSight mobile apps.

Connected Entertainment

Take and share pictures and videos and see screens or videos playing on smartphones and TV directly on your eSight.

"We saw firsthand how profound a difference eSight can make in people's lives. Unlike other options, every aspect of eSight has been designed from the ground up with an in-depth knowledge of the needs of visually impaired users."

Dr. Michael Tolentino, MD, The Macula Center
